Search bars for 'Search Users...' and 'Search Groups...' are also present. A left sidebar shows the user 'amil' and a menu with 'DASHBOARD', 'Authentication and Authorization' (GROUPS, USERS), 'Django-registration provides user registration functionality for Django websites' (REGISTRATION PROFILES), and 'Inventory' (CATEGORYS, INVENTORYS). The main content area is titled 'Dashboard' and includes a breadcrumb 'HOME > DASHBOARD'. It contains three sections: 'Authentication and Authorization' with links for 'Groups' and 'Users' (each with 'ADD' and 'CHANGE' buttons), 'Inventory' with links for 'Categories' and 'Inventorys' (each with 'ADD' and 'CHANGE' buttons), and a text box stating 'Django-registration provides user registration functionality for Django websites.' with a 'Registration profiles' link and 'ADD'/'CHANGE' buttons. A 'Recent actions' sidebar on the right lists activities: 'Added "Aavani"' (25 minutes ago), 'amil' (2 days, 13 hours ago), 'Regi strati on information for amil' (1 week ago), and 'amil' (1 week ago) with the note 'Changed First'.
